## DT-HD-60

### SPECIFICATION

---

The DT- HD- 60 Digital tape has 60 RGB leds per metre with built-in DigiLED IC processor to control the LED flow.

DIGITAL Pixel Tape with High Definition colour flow and brightness.

Our DigiLED's are pitched @ 16.5mm on a 2 ounce 10 mm wide copper ribbon known as LED tape. To us its Digital Tape.

Cutting points are every 16.5mm behind each LED Pixel. The cut should be made between the pads on the flexible tape along the cut line.

Refer to the Dimensions pdf.
